Job description

Set up apparatus for teacher demonstrations for Physics at KS3, KS4 and KS5
 Prepare a class set of apparatus for practical sessions
 Clear apparatus away after lessons, ensuring that equipment is dismantled and stored appropriately, washing up where necessary
 Identify faulty items and consult Head of Department with regard to repair or replacement
 Service on a daily and weekly basis particular laboratories to ensure an adequate supply of basic glassware and materials
 Visual check of mains electrical cable and plug on equipment each time it is used
 Maintain equipment inventory
 Prepare orders for equipment required by the Department and check orders against deliveries
 Be familiar with the position of fire extinguishers, fire blankets and sand buckets in each laboratory and understand the use of this equipment
 Be familiar with the position of the main Gas supply tap to each laboratory and to individual benches
 Remove all broken glassware from laboratories regularly
 To understand the health and safety regulations and with particular reference to the ionising radiation procedures.
 To participate in training and other learning activities and performance development as required
 To provide admin and clerical support as directed by the teacher e.g. display work, reprographics, entering data and other admin duties.
